

Summer School 2017

Energy Harvesting: models and applications

30 June - 3 July, Gubbio (Italy)

<http://nipslab.org/summerschool2017>

Lectures schedule

	June 30 Friday	July 1 Saturday	July 2 Sunday	July 3 Monday	July 4 Tuesday
9:00 10:30		Introduction to Energy	Random Vibration Harvesting	Electrical issues	Microenergy 2017 Conference
11:00 12:30		Energy at micro and nanoscales	Thermoelectric Energy Harvesting	IoT and the powering of autonomous devices	
13:00					lunch
14:30 16:00		Introduction to Energy Harvesting	Light and electromagnetic radiation E.H.	Applications cases 1	
					coffe break
16:30 18:00	18:00 Registration & Welcome cocktail	Kinetic Energy Harvesting	Excursion	Applications cases 2	
	Free time	Free time	Social Dinner	Free time
