

ICT-Energy: decreasing energy consumption toward zero-power devices

Room 5B, 22/10/2015 (09:50-10:35)

This session deals with the importance of **decreasing energy dissipation in the future ICT devices** taking into account the need for powering them.

Experts from the industrial and the academic world will be sharing thoughts and opinions: would you like to be one of them? **Join us in room 5B on Oct. 22nd, 2015 from 9:50 to 10:35** to contribute to a lively exchange of ideas, we will be happy to hear from you.

Can't you join our networking session?

We will broadcast the session on internet: <http://goo.gl/G8rnuW>

Not even the broadcast?

We will be happy to record your opinions in a three minutes video during the whole ICT 2015 event. All the recorded contributions will be then available on our website: <http://www.ict-energy.eu/>
